“Your smile is your logo, your personality is your business card, how you leave others feeling after having an experience with you becomes your trademark.” Jay Danzie

Welcome back! We welcome a new family to our school – Karly (Yr 3), Cody (Yr 2) and Axel (Rec.), giving us a total of 15 students.

Axel, Karly and Cody

This term is already starting to look busy with World of Maths at Eudunda, Bookweek and Father's Day street stall. The teaching staff continue with their learning in Mathematics – Big Ideas in Number and the STEM 500 training days. The mathematical knowledge and skills that the children are using is continually growing with the students identifying what strategies they are using to solve a problem. Our other main focus is improving the writing and vocabulary that our students are using. We are introducing new words for the children to hear and use and encouraging the children to find new words when reading e.g. disastrous, diabolical.

Did you know elephants are the only mammal that can't jump?

Sue Stacey
Principal

Honesty – Respect – Caring – Responsibility - Getting along

FROM THE CLASSES:

Reception to Year 2 class

Welcome to Axel and Cody. This term we are learning more about the World, Australia and the history of Robertstown. If you have any photos of Robertstown (buildings, people etc) can we please borrow them to look at?

Year 3 to 7 class

Welcome back. Where has the first half of the year gone? The students have all settled back into the school routine.

Last week was the 50th anniversary of man walking on the moon. In celebration of this we made rocket powered balloons.

For our studies this term in Geography, we will be travelling to Europe (on paper!) and in History we will travel back in time to the introduction of the sheep industry and looking at events that created the shearer's strike. In Digital Technology we will email another school and link with other students. Our vegetables are growing well and hopefully we will have some delicious produce to cook and sell.

We would like to welcome Karly and her family to our class and school.

FROM OUR PASTORAL SUPPORT WORKER

Hello everyone,

These holidays I have been immersed in the feeling of gratitude. Spending time with my grandsons, watching lots of movies,

shopping, gardening, cooking and enjoying wonderful family meals. Relaxing, recharging and being mindful of every moment. Now that the holidays are over I am going to challenge myself in continuing to be mindful and grateful every day.

It is proven that if we focus on the positives we attract more of the good stuff because our brain is hardwired to look for danger, so we automatically notice more negatives in our environment. By making ourselves focus on the positives, we teach our brain to look for good in our lives.

What are you grateful for?

Give it a go! You won't regret it.

Regards,

Renee 😊

WANTED - LIDS

Lids from plastic milk bottles, cordial containers etc. for an art activity. Please send them in to the school before the end of August.
